

# gallexwrap

less wastage, higher yield

# galewrap

With rolled edges for reinforcement, galewrap is the ultimate waste preventer. Combined with the highest force to load in the industry, it's a no-brainer.

## faster

comes up to optimum stretch quickly  
less effort needed for a tighter wrap

## greener

bulk packed, less cardboard waste  
substantial reduction of packaging waste

## safer

less effort required  
lighter roll weight

## better

reinforced edges  
highest force to load
